SKILLS

EXPERIENCE

Various Clients: Freelance iOS Developer

July 2017 - Present

- ▶ I work with clients to envision, design and implement creative and engaging native mobile experiences in diverse contexts.
- ▶ Major clients so far include Airbitz (mobile Bitcoin wallet), InGoodCo (social product recommendations)

Various Clients: Writer/Content Creator

July 2017 - Present

- ▶ I am a storyteller and a technical writer that helps clients communicate their mission and vision to their customers and the world.
- ▶ Major clients so far include Menlo One (Decentralized application platform) and Mantle (crypto-incentivized mesh networking)

CoinCentral.com: Contributing Writer

July 2017 - Present

- ▶ On the ground floor of a team creating content for CoinCentral, an online cryptocurrency publication
- ▶ Technical and accessible content on everything from cryptocurrency news to latest technologies and projects in the space

French Girls: iOS Developer (Swift)

May 2016 - Aug 2017

- ▶ One of eight, wearing many hats and owning the product from day one
- ▶ Responsible for a complete overhaul and modernization of the French Girls iOS app, visually and on a code level
- ▶ Helped guide the company through a complete pivot to a new product, from contributing to the mission and vision to building out initial prototypes
- ▶ Empowering artists to make money doing what they love

Verigo: iOS Developer (Objective-C)

Oct 2013 - Aug 2015

- ▶ Fourth employee at a startup developing supply-chain visualization technology under a SaaS model
- ▶ Developed an application to interface with proprietary sensor devices via Bluetooth 4.0 technology
- ▶ Employed Agile Development and Scrum practices to manage project requirements and drive progress
- ▶ Implemented major UI/UX overhaul in collaboration with external graphic designers
